1. The drawings were received on 5/13/2008. These drawings are accepted.

**REASON FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: allowance of claims 5 and 7 is indicated because the prior art of record does not show or suggest the heating output control part switches driving duty defined by rates of a driving period of the first switching element and a driving period of the second switching element, based on a detection output of the switching element temperature detecting part, so that the driving period of the first switching element and the driving period of the second switching element are inverted in length, and switches and controls the driving duty so that substantially the same heating output is obtained as recited in claims 5 and 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
